**FEATURES**

- **GHOST LIGHTING:** More than 2,200 lumens of perfectly diffused, direct light. When switched off, the light source is completely concealed, leaving you with functional reflective space and not unsightly diffusers.
- **AMBIENT BACKLIGHTING:** Experience the subtle allure of ambient backlighting that surrounds the mirror, casting a soft, inviting glow that enhances your space's ambiance.
- **EFFORTLESS OPERATION:** Hands-free operation, simply wave your hand. Turn it on or off, select your desired color temperature (CCT selectable), and dim the light all without touching a single button.
- **CRYSTAL CLARITY:** Your mirror stays crystal clear even in the steamiest of environments thanks to the integrated defogger
