PRODUCT DETAILS:

The Veleta hugger boasts a sleek and contemporary design, distinguished by its three carved wooden blades that harmoniously connect around the center cap. The motor housing is sleek and minimalistic, ensuring that it doesn't detract from the elegance of the wooden blades. The Veleta ceiling fan comes with an optional 5-light LED light and satin opal diffuser. This dry-listed fan is suitable for rooms with lower ceiling heights and provides effective air circulation. The combination of natural materials, elegant design, and functionality makes this ceiling fan a stylish addition to any contemporary or transitional interior. Choose from matte black or aged brass finishes.
