### PRODUCT DETAILS:

The Mystic series of outdoor lighting features a traditional lantern shape that complements various architectural styles. The design includes a rectangular frame with clear glass panels enclosed within cross-brace detailing on the front and sides. At the top of the lantern is a peaked roof extending slightly over the frame's edges, supported by a large, gracefully curved handle. Two candelabra lamps create a warm and inviting glow when illuminated, ensuring effective outdoor lighting. This outdoor wall lantern is ideal for use beside entryways, on porches, or along exterior walls where additional lighting is needed. Its combination of classic design elements and modern construction makes it a versatile and attractive choice for enhancing the curb appeal and functionality of any home.
