**PRODUCT DETAILS:**

The Bethlem Cabinet is a traditional piece of accent furniture. This full-size storage furnishing borrows elements from traditional decor, with its dark finish and decorative molding, as well as French country styling, with its ornate motifs and softly curved accents. These pieces are modern 'rough lux' interpretations of classic wood designs. Traditional forms are rendered in unfinished cold-rolled steel, making these cabinets unique. The steel is clear coated to seal and let the natural finish characteristics show through. This cabinet is perfect for any unassuming but upscale dining room or kitchen space, with ample storage space on its five surface levels.
