powered by our superfruit soul

each formula is infused with our intoxicating scent + powered by our superfruit soul, sea buckthorn. known as 1 of earth's most potent, omega-rich plant sources, this superfruit berry nourishes strands, scalp + skin while restoring lipids in the hair to help increase shine, manageability, softness + strength.

as proud pals to the planet, we sustainably source our sea buckthorn from a socially + environmentally responsible + organic farm in Tibet.

natural curl service instructions

best suited for clients with waves, curls + coils that most often wear their hair naturally (no hair straighteners here!) + are looking for increased smoothness + manageability while reducing frizz.

straight service instructions

perfect for all hair types that typically blow out or straighten their hair. using the straight service instructions on clients with wavy, curly, or coily hair will result in temporary elongation but will still require heat styling to achieve a 'straight' look after the first 48 hours.

OUR HAIR

At Alinea Hair, our extensions are crafted from the single donor Remy hair, ensuring the best human hair quality. Utilizing a double drawn process, each extension boasts a thicker and more uniform texture from top to bottom, providing 30% more volume at the ends for enhanced fullness. Unlike many competitors, our extensions eliminate the need for cutting at the bottom during application, preserving the clients investment and reducing waste. In our colour process, we meticulously mix 5-7 levels and tones of hair to achieve a natural blend without the harsh striping effect. This unique approach sets us apart in the market, ensuring that when hair moves, it flows seamlessly.

We are thrilled to partner with L'ANZA Healing Hair Colour & Care to offer 15 beautifully curated shades, perfectly aligned with their colour line for seamless and vibrant results.

CHI®

STYLING & FINISHING

Designed to provide flexibility and the final touches to your client's hair, covering all your salon styling needs. It includes essential styling and finishing products to express your creativity and style, whether it's avant-garde or classic and sleek. Each product offers versatility and range across different hair types and textures.

HYDRATING

Designed to combat dryness and revive dull, brittle hair. This hydrating system uses nourishing ingredients to quench moisture-depleted hair with deep hydration and add softness. Helps to smooth hair and control frizz, improving manageability, elasticity and shine. Contains collagen to help promote healthy hair and help fight against the effects of hair aging from follicle damage.

VOLUME

Gives fullness and extra body and bounce to fine, flat hair. This system is gently formulated to give fullness and extra body and bounce to fine, flat hair. It's gently formulated to protect the integrity of fragile hair strands as well as fortify and strengthen the hair cortex to alleviate damage. It controls oil to minimize buildup and residue while providing lightweight moisture without weighing down hair. It lifts hair away from roots and plumps fine strands from roots to tips with volume to restore movement and shine.

COLOR GLOSS

Designed exclusively for color-treated hair, this system provides optimal color protection and longevity. Formulated without sulfates, it doesn't strip away color and keeps it fresh by working within the hair structure. It targets and preserves color pigments and extends vibrancy. It helps replenish hair with moisture and balances pH, sealing the cuticle to guard against damage and UV exposure. It keeps hair healthy and shiny for long-lasting color.

BLONDE ENHANCING

Designed for blonde and grAY hair, this system neutralizes unwanted brassy, yellow tones. This blonde enhancing system maintains and refreshes both color-treated and natural blonde and grAY hair color while also providing optimal color protection. Formulated without sulfates, it doesn't strip away color, keeping it fresh by working within the hair structure to target and preserve color pigments. It also replenishes hair's moisture, balances pH, and seals the cuticle to guard against damage and UV exposure, keeping hair healthy and the color long-lasting.

CURL CARE

Created exclusively for wavy, curly, and coily hair, this system enhances hair's natural curl pattern, restoring hydration, and sealing in moisture to control frizz and protect against humidity. It also provides easy detangling for increased manageability during styling. It also strengthens fragile hair, leaving it healthy, shiny, and increasing natural bounce.
