FOREVER IN OUR MEMORIES

JEFFREY WISE

It is with profound sadness that we share the passing of Jeffrey Wise, a beloved leader, colleague, family man, and friend.

Jeffrey devoted his life to building upon the legacy of CanRad, helping guide the company with vision, integrity, and an unwavering commitment to excellence. As a second-generation leader of the family business, he played a pivotal role in shaping CanRad into the company it is today, while remaining deeply committed to the values of service, generosity, and community that have defined our organization for generations.

Known for his resilience, optimism, and compassion, Jeffrey faced life's challenges with extraordinary strength and determination. He was a trusted mentor, a dedicated colleague, and a generous supporter of countless charitable causes. His leadership was matched only by his kindness and genuine care for others. Above all, Jeffrey was devoted to his family and took immense pride in his daughters, Sarah, Abbie, and Molly, and in the legacy he helped build for future generations.

Jeffrey's impact on CanRad, our industry, and the many lives he touched will not be forgotten. We are deeply grateful for his contributions, his friendship, and the example he set for all of us.

Our thoughts are with Jeffrey's family, friends, colleagues, and all who had the privilege of knowing him.

Why you'll love The Demi Sv family

- Shades do not contain a background color and are pure tone.
- Balanced with a dominant silver and diminished violet tone.
- Optimized for pre-lightened hair, the violet reflect ensures a clean, modern, reflective cool result—never flat or muddy.
- Timeless, versatile shades can create icy silver, mid-tone gray or smoky depth, depending on the level.
- Try them on their own or intermixed with any The Demi shades for an added icy effect.

An icy-cool collection with three Silver violet shades from The Demi with pure silver tone and no background color plus the cool reflect, these timeless shades create true silver results, perfect for silver-fox gray blends, fashion silver tones and icy blondes.

STYLING & FINISHING

Designed to provide flexibility and the final touches to your client's hair, covering all your salon styling needs. It includes essential styling and finishing products to express your creativity and style, whether it's avant-garde or classic and sleek. Each product offers versatility and range across different hair types and textures.

HYDRATING

Designed to combat dryness and revive dull, brittle hair. This hydrating system uses nourishing ingredients to quench moisture-depleted hair with deep hydration and add softness. Helps to smooth hair and control frizz, improving manageability, elasticity and shine. Contains collagen to help promote healthy hair and help fight against the effects of hair aging from follicle damage.

VOLUME

Gives fullness and extra body and bounce to fine, flat hair. This system is gently formulated to give fullness and extra body and bounce to fine, flat hair. It's gently formulated to protect the integrity of fragile hair strands as well as fortify and strengthen the hair cortex to alleviate damage. It controls oil to minimize buildup and residue while providing lightweight moisture without weighing down hair. It lifts hair away from roots and plumps fine strands from roots to tips with volume to restore movement and shine.

COLOR GLOSS

Designed exclusively for color-treated hair, this system provides optimal color protection and longevity. Formulated without sulfates, it doesn't strip away color and keeps it fresh by working within the hair structure. It targets and preserves color pigments and extends vibrancy. It helps replenish hair with moisture and balances pH, sealing the cuticle to guard against damage and UV exposure. It keeps hair healthy and shiny for long-lasting color.

BLONDE ENHANCING

Designed for blonde and grAY hair, this system neutralizes unwanted brassy, yellow tones. This blonde enhancing system maintains and refreshes both color-treated and natural blonde and grAY hair color while also providing optimal color protection. Formulated without sulfates, it doesn't strip away color, keeping it fresh by working within the hair structure to target and preserve color pigments. It also replenishes hair's moisture, balances pH, and seals the cuticle to guard against damage and UV exposure, keeping hair healthy and the color long-lasting.

CURL CARE

Created exclusively for wavy, curly, and coily hair, this system enhances hair's natural curl pattern, restoring hydration, and sealing in moisture to control frizz and protect against humidity. It also provides easy detangling for increased manageability during styling. It also strengthens fragile hair, leaving it healthy, shiny, and increasing natural bounce.
