HAIR BOTOX

The Royal Intensive Hair Treatment, better known as “hair botox,” is undoubtedly one of the best treatments available for any hair type. It works directly on the hair’s cortex to restore the hair fibre, both internally and externally. It regenerates the hair follicle and slows hair loss. Its goal is to hydrate and beautify hair, similar to an anti-aging treatment. The Royal Intensive Hair Treatment works to restore hair to its healthiest possible state by restoring it and reversing damage. It promotes hair growth and repairs breakage, while restoring suppleness and shine.

THE BENEFITS OF THE ROYAL INTENSIVE HAIR TREATMENT

- Adds shine
- Deeply hydrates
- Makes hair more supple
- Strengthens weakened hair
- Promotes hair growth
- Slows hair loss
- Seals split ends
- Regenerates the follicle
- Prevents breakage
- Stabilizes porosity
- Improves hair elasticity
- Repair cracks in the hair fibre

Silver's lines are modern, clean and ergonomic – displaying the full beauty of Kasho's traditional hand polishing to full effect. The ratchet flat screw system sits at the very heart of silver, giving the stylist precise adjustment of the shears' tension. Thanks to its meticulously constructed mechanism, the system is exceptionally thin, giving exceptional sightlines while cutting.

OUR HAIR

At Alinea Hair, our extensions are crafted from the single donor Remy hair, ensuring the best human hair quality. Utilizing a double drawn process, each extension boasts a thicker and more uniform texture from top to bottom, providing 30% more volume at the ends for enhanced fullness. Unlike many competitors, our extensions eliminate the need for cutting at the bottom during application, preserving the clients investment and reducing waste. In our colour process, we meticulously mix 5-7 levels and tones of hair to achieve a natural blend without the harsh striping effect. This unique approach sets us apart in the market, ensuring that when hair moves, it flows seamlessly.

We are thrilled to partner with L'ANZA Healing Hair Colour & Care to offer 15 beautifully curated shades, perfectly aligned with their colour line for seamless and vibrant results.

STYLING & FINISHING

Designed to provide flexibility and the final touches to your client's hair, covering all your salon styling needs. It includes essential styling and finishing products to express your creativity and style, whether it's avant-garde or classic and sleek. Each product offers versatility and range across different hair types and textures.

HYDRATING

Designed to combat dryness and revive dull, brittle hair. This hydrating system uses nourishing ingredients to quench moisture-depleted hair with deep hydration and add softness. Helps to smooth hair and control frizz, improving manageability, elasticity and shine. Contains collagen to help promote healthy hair and help fight against the effects of hair aging from follicle damage.

VOLUME

Gives fullness and extra body and bounce to fine, flat hair. This system is gently formulated to give fullness and extra body and bounce to fine, flat hair. It's gently formulated to protect the integrity of fragile hair strands as well as fortify and strengthen the hair cortex to alleviate damage. It controls oil to minimize buildup and residue while providing lightweight moisture without weighing down hair. It lifts hair away from roots and plumps fine strands from roots to tips with volume to restore movement and shine.

COLOR GLOSS

Designed exclusively for color-treated hair, this system provides optimal color protection and longevity. Formulated without sulfates, it doesn't strip away color and keeps it fresh by working within the hair structure. It targets and preserves color pigments and extends vibrancy. It helps replenish hair with moisture and balances pH, sealing the cuticle to guard against damage and UV exposure. It keeps hair healthy and shiny for long-lasting color.

BLONDE ENHANCING

Designed for blonde and grAY hair, this system neutralizes unwanted brassy, yellow tones. This blonde enhancing system maintains and refreshes both color-treated and natural blonde and grAY hair color while also providing optimal color protection. Formulated without sulfates, it doesn't strip away color, keeping it fresh by working within the hair structure to target and preserve color pigments. It also replenishes hair's moisture, balances pH, and seals the cuticle to guard against damage and UV exposure, keeping hair healthy and the color long-lasting.

CURL CARE

Created exclusively for wavy, curly, and coily hair, this system enhances hair's natural curl pattern, restoring hydration, and sealing in moisture to control frizz and protect against humidity. It also provides easy detangling for increased manageability during styling. It also strengthens fragile hair, leaving it healthy, shiny, and increasing natural bounce.
